ALL NEW COMPREHENSIVE® BRAND SOLUTIONS

Now Offering High Performance Digital Scaler!

South Hackensack, New Jersey: March, 2008

Comprehensive, the leading manufacturer of connectivity and solution oriented products, is proud to announce the addition of their new CSC-550 Scaler to their family of Comprehensive® Electronic Brand Solutions.

CSC-550 CV,Y/C & Component Scaler with HDTV & XGA Output on HD 15

The CSC-550 is a high performance digital scaler for composite, s-video and component (480i) video signals. It will scale video input signals to selectable computer graphics, video or HDTV output signals on an HD-15 connector. The CSC-550 has multiple computer graphics output resolutions of 640x480, 800x600, 1024x768 and 1280x1024.

This scaler also has HDTV output resolutions of 480p, 576p, 720p and 1080i in component format on the HD-15 output connector. With a built-in pro-amp for color hue (NTSC only), this unit offers enhanced sharpness, contrast and brightness and has a 3-D comb filter and 3:2 pull down video processing with auto detection. The CSC-550 also contains non-volatile memory to retain the last settings used prior to powering down. Offering multiple aspect ratio selections of 4x3 or 16x9 and IR Remote (with on-screen menus), it fits to desktop size and has a warranty of 7 years!

The application of this CSC-550 is ideal for projection systems in conference rooms, boardrooms, hotels and churches, as well as up-scaling your home theater system.

Features Include:

- HDTV & XGA Output on HD 15.
- 3-D comb filter and 3:2 pull down video processing with auto detection.
- Non-volatile memory to retain the last settings used prior to powering down
- IR Remote (with on-screen menus).
- Built-in pro-amp for color hue (NTSC only).
- Ideal application for projection systems in conference rooms, boardrooms, hotels, churches and home theater up-scale.
- 7 Year Warranty!

In addition to the CSC-550 Component Scaler, Comprehensive® Brand Solutions also offers a complete line of HDMI and VGA/XGA Distribution Amplifiers and switchers.
