**Comprehensive Introduces New
Platemasters Plate and Panel Design Software!**

Comprehensive is proud to announce the introduction of its **Platemasters Plate and Panel Design Tool 1.0 Software**. This software will enable the user to design and create their own wall plates to fit their every need!

By downloading this software, the user can easily go in, register and begin designing their wall plates! It's that easy. With the freedom of creating your own wall plates, you no longer have the hassle of waiting on quotes and drawings to be approved. Simply submit the design via your internet connection. After that, the wall plates are manufactured and on their way!

Features Of This Software Include:

- Save time and money!
- No more back and forth on custom quotes and drawings to approve
- Create custom wall plates and panels in seconds!
- Simple drag and drop functionality
- Custom text can be added in quickly and easily and custom logos are a specialty
- Pricing is done dynamically so you see your cost in real time as you build the plate
- Simply submit your order directly from the software, via an internet connection and that's it! Your order will be processed on its way to you in as little as **24-48 hours!**

This software is easy as 1, 2, 3 and it's free!

Just follow the instructions below:

- 1.) Go to **www.comprehensiveinc.com/platemasters** and download the FREE Platemasters software to your computer. This software is compatible with Windows ME, Windows 2000, Windows XP(Home & Professional) and Windows 7(slated for release in the near future).
- 2.) Register the software by creating a new account and following the prompts.
- 3.) One you receive your approval e-mail, you are set and ready to start using the Platemasters Design Tool!
